

# Soda PDF Anywhere

## THE COMPLETE PDF SOLUTION

Soda PDF Anywhere is the first full-featured online PDF solution on the market. Our business plans offer unique features and services that have been specifically tailored to serve the needs of organizations. Professionals can now access advanced features online, from any web browser, and can send PDFs to a shared cloud folder directly through the app to facilitate collaboration. Plus, with the integrated E-Sign service, users can prepare, send and track documents for e-signature within minutes.

# Taking care of business, anywhere

Soda PDF Online is a revolutionary PDF solution that offers a full set of features directly in your web browser. Whether you're at work, on a business trip, or simply commuting, Soda PDF will follow you wherever you are. Switching between the desktop and online apps is done seamlessly, which saves you time and effort, especially if you're in a hurry.

## Integrated document management solution

Soda PDF Anywhere gets the job done, no matter the challenge.

- Convert PDFs to MS Office, HTML, TXT, image, RTF, and PDF/A
- Modify the content of your pages and add headers & footers
- Index important documents with Bates numbering
- Transform scanned docs and images into editable PDFs with OCR

## Security & confidentiality

Designed to ensure your documents are kept safe.

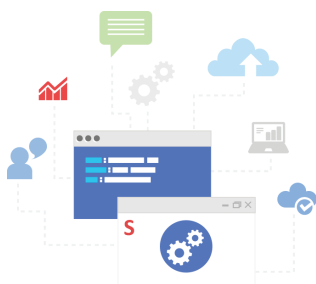

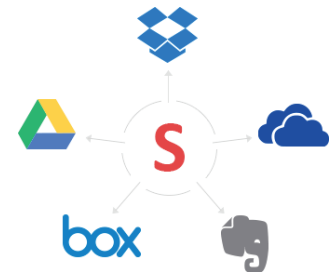

- Use whiteout and redaction to remove or mask confidential information
- Set 256-bit AES encryption level passwords
- Save the audit trails of the entire e-signing process to ensure authenticity

[Learn more](#)

## Collaboration

An array of reviewing and collaboration tools at your disposal.

- Save your files to a shared Dropbox, Google Drive, OneDrive or Box folder
- Send your PDFs directly to your Evernote folder
- Annotate your pages and send for peer review
- Have multiple people e-sign your documents simultaneously

## Productivity

Features designed to save you time so you can concentrate on growing your business.

- Use batch processing features such as PDF conversion, creation, and OCR
- Quickly resume work with optional hibernation mode
- Work on multiple documents simultaneously with side-by-side view
- Prepare, send and track contracts for e-signature directly within the app

# 5 reasons IT professionals are switching to Soda PDF

## 1 Cost savings

Earn volume discounts starting at just 5 licenses. Plan users benefit from cumulative volume discounts when adding extra licenses after the initial purchase.

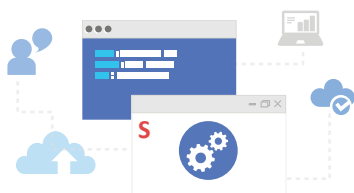

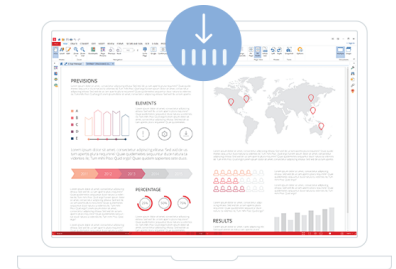

## 2 Flexible deployment

Deployment options: MSI through GPO, Windows SCCM, Windows Terminal Server™, Citrix™, and more. New cloud-based app can be used on Mac, Linux, iOS, and android smartphones.

2

## 3 Easy license management

Soda PDF's self-serve license management is available online, allowing you to assign, revoke, add and remove licenses, reset license keys, and manage devices. We also offer our proprietary Management Console for GPO deployments.

## 4 Up-to-date software

With a Soda PDF Anywhere plan, your software remains up to date for the duration of your active plan. Perpetual license users can add a maintenance plan to update to the next version for free.

4

## 5 Reliability and security

Soda PDF's cloud-based application significantly reduces risks of vulnerability when it comes to malicious code injection in PDF files. With Soda PDF, you're in safe hands.
